New Text Messaging Service

The church has been using the **“Remind” application** to send out group messages regarding meeting reminders, or for inclement weather notifications. We have recently learned that we can **no longer use** the “Remind” application.

We are switching to a **new application for our messaging service**. You will be receiving a message from Cathy via the new application **“txtsignal.”** When you receive your message, please **‘accept’** the notice, this will enable us to keep you informed regarding any important messages pertaining to the church/church activities. We appreciate your assistance in this change. *Blessings, FUMC Staff*
